## LANGUAGE

- Arabic (Speaking and writing)
- English (Speaking and writing)

## EXPERTISE

- Teaching Physics at different levels Lectures and Labs.
- VARSKIN simulation

# Raed Abdulmohsen Alfaleh

Medical physics

## EXECUTIVE SUMMARY

I hold a B.Sc. in Physics from Majmaah University (2015) and an M.Sc. in Medical Physics from the University of Aberdeen (2021). My professional focus is on two key areas: enhancing radiation protection for workers and patients, and educating students on the critical connection between physics and medicine.

## WORK EXPERIENCE

- 1) I worked as a high school teacher for two years between (2017-2019)
- 2) Teaching assistant at Majmaah University collage of science in Al Zulfi (2019-2020)
- 3) Lecturer at Majmaah University (2022- present)
- 4) Member of Saudi Nuclear Society since (2024 - present)

## ACADEMIC BACKGROUND

- B. Sc. Degree in physics from Majmaah University collage of science in Al Zulfi with honors (2015)
- M. Sc. Degree in medical physics from University of Aberdeen in (2021). Thesis title (Validation of VARSKIN 6 dose assessment in contamination scenarios for nuclear medicine workers)
