

## Appointing Dr. Bakheet Awad Al-Rasheedi as a Director of the Science & Technology Unit

Out of the belief of the Deputyship for Postgraduate Studies & Academic Research in creating the optimal environment for innovation, development and invention as well as mobilizing the resources and facilities effectively to serve the national needs, His Excellency the vice-Rector for Postgraduate Studies & Academic Research, Prof. Mohammad Abdullah Al-Shaya'a has appointed Dr. Bakheet Awad Al-Rasheedi as a Director of the Science & Technology Unit. This unit which is independent and supervised by vice-Rector for Postgraduate Studies & Academic Research is attached to the General Secretariat of the National Plan for Science and Technology at King Abdul Aziz City for Science & Technology. The purpose of this unit is to coordinate and manage programs and projects related to scientific and technical activities at the university. Dr. Al-Rasheedi extended his thanks to the vice-Rector for Postgraduate Studies & Academic Research for the trust and opportunity and hoped that he will exceed his expectations.
