

SUMMER INTERNSHIP SURVEY

Majmaah University
College of Computer and Information Sciences
Department of Computer Science

Section 1: General Information

Name _____ ID# _____
Home Phone # _____ Cell Phone # _____
E-mail _____
Internship Organization _____
Location _____
Internship Position _____
Start Date _____ End Date _____
Name & Contact information of the on-site supervisor _____

1. How did you locate the internship?

College/Department University Personal contact Other

2. Compensation for the internship?

Remunerated Not Remunerated

3. Internship application/acceptance process

Online Application By Postal Mail Interview Other

4. If you are graduating, did your internship help you with searching/finding a job?

Yes No

5. Describe briefly the main tasks and responsibilities you had in the internship (if you have an internship/job description, please attach it to this survey)

Section 2: Learning Outcomes

The internship allowed me to use and improve the following skills & abilities:

1. Apply knowledge of computing and mathematics appropriate to the discipline

Strongly agree Agree Neutral Disagree Strongly disagree

2. Analyze a problem, and identify and define the computing requirements appropriate to its solution

Strongly agree Agree Neutral Disagree Strongly disagree

3. Design, implement and evaluate a computer-based system, process, component, or program to meet desired needs.

Strongly agree Agree Neutral Disagree Strongly disagree

4. Function effectively on teams to accomplish a common goal

Strongly agree Agree Neutral Disagree Strongly disagree

5. Understanding professional, ethical, legal, security, and social issues and responsibilities

Strongly agree Agree Neutral Disagree Strongly disagree

6. Communicate effectively with a range of audiences.

Strongly agree Agree Neutral Disagree Strongly disagree

7. Analyze the local and global impact of computing on individuals, organizations and society.

Strongly agree Agree Neutral Disagree Strongly disagree

8. Recognize the need for, and an ability to engage in, continuing professional development.

Strongly agree Agree Neutral Disagree Strongly disagree

9. Use current techniques, skills, and tools necessary for computing practices.

Strongly agree Agree Neutral Disagree Strongly disagree

10. Apply mathematical foundations, algorithmic principles, and computer science theory in the modeling and design of computer-based systems in a way that demonstrates comprehension of the tradeoffs involved in design choices

Strongly agree Agree Neutral Disagree Strongly disagree

11. Design and development principles in the construction of software systems of varying complexity.

Strongly agree Agree Neutral Disagree Strongly disagree

Section 3: Overall Evaluation

1. Overall, I am satisfied with my internship

Strongly Agree Agree Neutral Disagree Strongly Disagree

2. What did you like during the internship?

3. What you did not like during the internship?

4. Would you recommend this internship/organization to future students?

Yes No

Additional Comments (if any):
