## PROFILE

---

Nuclear Medical Technologist with experience in a variety of hospital and clinical settings. Experienced in operation of cameras with Forte, Siemens, ADAC, Philips, and Infinia systems, as well as, processing with ADAC-Pegasys and GE-Xeleris software.

## EDUCATION

---

**UNIVERSITY OF ALABAMA AT BIRMINGHAM (UAB)** Birmingham, AL  
Bachelor of Science, Nuclear Medicine Technology/ Uncompleted CT certificate.  
**GPA 3.35 out of 4.0** **2016**  
Dean list 2013,2015, and 2016

### Professional Experience:

---

- Teaching Assistant at Majmaah Univeristy (December 2017- present)
- King Fahad National Guard Hopsital, Riyadh (October- November 2017)

**CLINICAL EXPREIENCE** (Student internship, one year) Within Birmingham, Alabama metro- area

---

### Nuclear Medicine Rotations

- University of Alabama at Birmingham Hospital
- Shelby Baptist Medical Center
- Walker Medical Diagnostics Center
- Shelby Baptist Medical Center
- Children's Hospital

### Nuclear Cardiac Rotations

- Brookwood Medical Center, Nuclear Cardiology

### PET/CT Rotation

- Santa Vincent hospital Cancer Center

### Radiopharmacy Rotation:

- Cardinal Radiopharmacy

### RESEARCH EXPERIENCE (3 months)

- Testing hypothesis of new curing for non-metastasized breast cancer at the University of Alabama at Birmingham, research was not published

## TECHNICAL SKILLS

---

- Forte, Siemens, ADAC, Philips, GE gamma camera systems
- ADAC-Pegasys and GE-Xeleris software processing systems
- Technetium 99m generator production as well as pharmacological labeling.
- Worked on fine molecular-meters devices for research
- Fluent in Arabic and English

## PRESENTATIONS

---

**Alabama Society of Nuclear Medicine Annual Meeting** Birmingham, AL  
"7 Day Post I-131 Therapy scan" 2016  
**Active member of the Society of Nuclear Medicine and Molecular Imaging** USA

---

**Certifications:**  
**Saudi Commission for Health Specialist**  
**CNMTB renew date**  
**CPR (BLS)**

Aug 2018  
April, 30<sup>th</sup> 2018  
2016-2018
